Dear Peggy and Brooke,

I wanted to write and thank you for your outstanding efforts in helping us fill a significant and important new Executive Assistant role for the President and General Manager & Head Coach here at the BC Lions Football Club. Shannon Ulmer has been a great addition to our team and we're confident will have a wonderful, successful career with the Football Club.

The professional demeanour from the very beginning in my dealings with Peggy Blumenthal set the stage for what turned out to be a seamless, productive approach to filling this role. Peggy's attention to detail and wanting to understand everything about the job and the type of person best fit to fill the role was first class. She helped us develop a job description that captured the essence of what we were looking for. She also helped us understand that skill sets were important but ultimately it was about the fit and the type of background the individual comes from. Ever since my early discussions with Peggy it was clear to me that her passion to take on the assignment was real and infectious. She sold me on the fact that Temporary Yours and Hunt Personnel was best suited to take on this important recruitment task.

In the end, we worked directly with Peggy Blumenthal and Brooke Sheridan and they were special people to work with. Professional and good at what they do sum it up best. I can't say enough about how impressed I was with the process and the wonderful people we had the pleasure to work with. In our sports business we truly know the importance of team work and we made a great choice when we chose Temporary Yours and Hunt Personnel as our partners. They made our team in the front office stronger by helping us find an outstanding talent. We have a better chance to win on and off the field thanks to their efforts.

Yours in Football,
